September 2021

Please always click to **OPEN** the email messages and Newsletters that we send. This is important to help us track how effective our messages are. Put us in your contacts and on your safe senders list.

NEW AERIALS – Club member Alan Cox recently made some new photos for us. This one includes improvements such as the new Bird Storage Building and concrete walks at the Skeet Range.

LAST CALL FOR NOMINATIONS – This Fall we will be voting for three positions on the Board of Directors as well as all four Club Officer positions. If you are interested in running, please contact Lil Lil.A@rcgc.club right away to get your name placed on the ballot. Terms are for three years. Nominations will close on October 4th.

THE BOARD WAS IMPRESSED with the remarkable response to the requests for help issued

in the August Newsletter. Within 48 hours most of the jobs that needed to be done had been completed. Several members sent “Before” and “After” photos of their work. Again, unless you tell us, we don’t know whom to thank. If you don’t want your name mentioned we understand. Know that you’ve made us very proud to be part of this Club!

Two members have volunteered their help as Range Safety Officers during Orientation. Both Tyler Cox and Steve Broad have excellent credentials. Thanks guys!

NEW SKEET STAT HOUSE – Several months ago the Board approved replacing the Skeet Stat House. The design and placement of the building have been decided. We have also been discussing a redesign of the drive to the Skeet Range. But we have been unable to find contractors to do the grading and to pour a concrete pad. We need advice from people with these skills. If you can assist, please contact Jim Alverson Jim.A@rcgc.club or Wayne Brower Wayne.B@rcgc.club.

THE PLINKING PIT has two new target backers. Due to the success of the conveyor belt fabric, the Board asked Dwayne Thomas to weld two more frames. They are now in use and are expected to last for quite a long time. FYI – we have been asked about some of the strange paint colors that appear on target frames and on the metal targets. Members use whatever spray paint they can find on sale. We never know what to expect.

FOUND – a pair of sandbag style shooting rests. Contact Lil.A@rcgc.club and describe to claim. A shooting mat was left on the Centerfire Rifle Range. Have you lost a wheel cover? Check the one propped against the front wall at the blockhouse bathrooms.

IN THE 1960s REMINGTON AWARDED special patches to trap and skeet shooters who broke 25, 50, 75, 100, 150 and 200 targets straight. Jeff Galloway sent us an article from the Remington Collector’s Journal about the special patches they made just for his grandfather, Hunter H. Galloway, Jr., who broke 675 straight! RCGC will host a Registered Skeet Shoot. Saturday Nov. 6th

Watch for more details.

SWIPE YOUR ID CARD. Members must use their ID card to enter and to leave the property and must wear their card while on Club property so that it is visible to other members. Present your card to the reader even if the gate is being held open for a special event or if you are riding in

the same vehicle with another member. Pause after you pass through the electric gate for the few seconds it takes for the gate to close. If you have trouble with your card, contact Lil at 336-342-5573 If you get the answering machine, leave a message.

READ ALL OF THE SIGNS FOR THE RANGE YOU ARE USING. Pay extra attention to the kinds of ammunition allowed and prohibited on each range. The rules are for your safety and will be enforced. **ALL Shooting on the Centerfire Rifle Range and the Rimfire Rifle Range must be done from the firing line shelters.**

ON THE PISTOL AND RIFLE RANGES you must **remove your targets** and **pick up your empty cartridge cases.** Targets larger than a standard piece of copy paper should go into the dumpster. Put your empty cartridge cases in the containers provided. Return any equipment you used, including the metal carts, to its proper location.

Your visit to the Club is not over until you clean up after yourself.

On all ranges, ALL BOXES MUST BE FLATTENED to conserve space in the trash cans and dumpsters.

ALUMINUM CANS – There are blue collection bins in the clubhouse for Aluminum soda cans. Please do not put TRASH into soda cans or into the collection bins. Please do not put plastic bottles into the collection bins. To help prevent bug problems, please rinse and drain soda cans before depositing them in a blue collection bin. Aluminum foil is not accepted for recycling. On the ranges, pour excess liquid (water, soda, coffee,) on the ground before putting your cup or can into the trash.

ATTENTION LEAD SCROUNGERS you may NOT dig into the berms to harvest lead. You MAY pick it up by hand if it has been washed to the surface. Do Not climb the berms or otherwise disturb the soil.

GOLF CARTS ARE FOR USE BY MEMBERS. Only licensed drivers may operate them. Always return the carts to their proper storage locations and follow the printed instructions to see that they are recharged for the next user.
